## OUR SERVICE FLAG

The new three-cents-a-mile rate  
for railroad fares became effective  
yesterday on all roads. Pullman  
fares for day service is also half a  
cent per mile more, though berth  
rates are the same.

The Federal Court decrees pro-  
hibiting newspapers from publish-  
ing articles held to embarrass the  
administration of justice, although  
not acts committed within the pre-  
sence of the courts, have been sus-  
tained by the supreme court.

Lieutenant Edgar Lawrence, of  
Chicago, flying in an airplane,  
crashed from an altitude of a thou-  
sand feet last Wednesday forty  
miles behind the front. He was in-  
stantly killed. The cause of the ac-  
cident is not known.

Senator Herriot, mayor of Lyons,  
France, and the city council, have  
given the name of President Wilson  
to a new bridge over the River Rhone  
which will be opened on July 4. The  
bridge has been built since the be-  
ginning of the war. The Wilson  
bridge parallels a bridge which for  
a century has borne the name of the  
Lafayette bridge.

According to Vienna newspapers  
the Italians used a 'sea tank' during  
their last attack on Pola, Austria's  
naval base on the Adriatic. The  
boat was forty feet long, six feet  
wide and propelled by electricity.  
There is an endless rotary chain  
around the vessel, fitted with boards  
which cut nets and other obstruc-  
tions, like the land tanks. The ves-  
sel has two torpedo tubes.

## CONVICT LABOR ASKED.

The Fiscal Court has passed an or-  
der instructing Judge Champlin to ask  
for thirty prisoners to be sent here  
from the penitentiary at Eddyville,  
provided it is legal to work prisoners  
on the roads now being built in this  
county. Farm labor and all other  
kinds of labor is so scarce that it is  
impossible to secure locally the labor-  
ers needed to build the roads now un-  
der construction.

## SUNK ON OTHER SIDE.

New York, June 11.—News of the  
sinking of the American steamer  
Mauban off the coast of Italy late in  
May was brought here by twenty-  
six members of her crew which ar-  
rived on a freight steamship. The  
Mauban, of 1,253 tons gross regis-  
ter, was built in 1900 and prior to  
the war was engaged in Philippine  
trade. She was last reported leaving  
Manila for European waters.

## STARS FOR ORPHANS.

Representing ninety-six former  
pupils of the Kentucky Children's  
Home, Louisville, who have entered  
the military service of the United  
States, a flag was dedicated at the  
First Christian church. Three of  
the stars are gold for men who have  
died in the discharge of duty.

OUT OF OFFICE ON JULY  
THE FIRST.

Frankfort, Ky., June 10.—The five  
Democratic members of the board of  
Control and Board of Prison Commis-  
sioners will comprise the new five-  
member Board of Control which will  
have charge of all the penal and  
eleemosynary institutions and they  
will be appointed by Gov. Stanley this  
month. Prison Commissioners Henry  
B. Hines, of Bowling Green; Herbert  
Carr, of Fulton; F. Thomas Hatcher,  
of Pikeville, and Forrest Butts, of  
Carrollton, and John B. Burton, of  
Lebanon, members of the present  
Board of Control, will be appointed.  
Editor Ed D. Shinnick, of Shelby-  
ville, probably will succeed Eugene  
Ray, of Louisville, as secretary for  
prison affairs, and George Cayford,  
secretary of the Board of Control,  
will be retained.

Changes of appointive officers in  
the State Hospitals may be expected  
to follow.

ter, Cordie Henderson, were in Hop-  
kinsville Tuesday shopping.

## LIEUT. HUGH NELSON.

Washington, June 8.—The follow-  
ing Kentuckians were commissioned  
to-day: Glanton Smith, Ashland,  
Second Lieutenant in the Signal  
Corps; Dalton Harbard and Ray Dub-  
lin, First Lieutenants in Medical Re-  
serve; Hugh Nelson, Hopkinsville,  
Second Lieutenant in Quartermaster  
Corps.

## BULLET GETS THERE FIRST.

A rifle bullet covers about two  
miles in five seconds, while sound  
travels the same distance in a shade  
more than nine and one-half seconds,  
so it is easy to understand why the  
bullet strikes before the report of  
the rifle is heard.

## ILL WITH APPENDICITIS.

New York, June 10.—Mrs. Finley  
J. Shepard, formerly Miss Helen  
Gould, is seriously ill with appendi-  
citis at her home in Fifth avenue.  
The attending physicians reported  
that her condition is satisfactory and  
it is hoped an operation may be  
avoided.

## U. S. ENGINEERS EXTEND TRENCH LINES

American engineers are doing splendid work in extending and perfecting  
the trench system in the American sector in France. Demolished walls and  
ruined buildings are considered especially valuable for the establishment of  
intermediate depots and posts. This American engineer is converting a tun-  
nel into a post command by the quick methods known to army constructors.

Perfection

The long blue chimney are the la-  
test type of oil cooking burners, and  
THERE'S A REASON.

The long chimney creates a draft, furnishes the  
flame with enough air for perfect, clean combustion  
and makes every drop of kerosene do all the work  
in its power. All the oil is turned into heat, no smoke  
and no odors, no soot to blacken pots and pans, this  
result cannot be obtained from oil burners, having  
shorter chimneys.
